

3i The **FIT** Choice!

Fitness centers across America are keeping clients hydrated, healthy and happy with the Pure Water Technology® 3i point-of-use water purification system.

Fresh, Clean Purified Drinking Water

- Provide your clients with fresh, pure, oxygenated water.
- Continuous supply of cold water with adjustable temperature control specific to your fitness center needs.

Revive Your Clients After a Hard Workout

- Our Activated Oxygen Injection increases oxygen levels in the water immediately following the injection process — keeping your clients refreshed and revitalized after a hard workout.
- Large and illuminated dispense area fits sports bottles which keeps your fitness center spill-free.

Ensure Health and Safety for Your Gym Clients

- 3i features CleanContact™ — anti-microbial touchpad and surrounding surfaces to protect your clients from cross-contamination of germs in your fitness center.
- Ergonomic design and large dispense area prevents germ contamination of the dispense nozzle.

Happy Customers Tell All...

The Exercise Coach chose the 3i point-of-use system to be the water service provider for all franchise locations in the U.S. Their corporate office wanted to provide their clients with the most technologically-advanced water purification system with the best tasting water — choosing the 3i met and exceeded their needs.

“The 3i offers the safest, most economical drinking water in the marketplace today — and that couldn’t make us and our clients happier!”

— The Exercise Coach, Libertyville and Palatine franchise
